

The Dalles Main Street is moving forward with a plan to re-start. In March, Oregon Main Street conducted a three-day comprehensive evaluation of our Main Street program. One of their recommendations from the evaluation report was to conduct a community meeting to share observations and recommendations from the assessment and to solidify priorities for The Dalles Downtown. This meeting will be presented by Sheri Stuart, State Coordinator for Oregon Main Street and Kevin Teater of Streetview Planning and will include:

- Overview of the Main Street Approach.
- Update of the evaluation results from March.
- Brainstorming session to help the Board create a new strategic plan for Main Street and prioritize our goals and programs.
- Identify people who are willing to volunteer on a project, committee or serve on the Board.
