### **Representative Mannix Announces Amendments to House Bill 4002 Ahead of Joint Addiction and Community Safety Public Hearing**

**SALEM, OR** – Today, Representative Kevin Mannix (R-Keizer/North Salem) introduced nine amendments to [House Bill 4002](#), the legislation being considered by the Joint Addiction and Community Safety Committee, to address Measure 110. These amendments carry out his proposed plan that was [announced last week](#).

“While I think that the enforcement mechanism presented by the Democrat majority is not as strong as it should be, it is a step in the right direction. We need to strengthen this with additional changes in the law, which is why I have proposed nine amendments to the package deal under consideration,” **said Representative Mannix.**

The proposed amendments to House Bill 4002, include:

- [-12 Amendment](#): Parents authorized to seek involuntary admission of any child under the age of 18 to treatment facilities for drug rehabilitation.
- [-15 Amendment](#): Local government may enact local ordinances restricting public use of drugs which are unlawful under federal law.
- [-17 Amendment](#): Create Office for Drug Prevention and Treatment to coordinate statewide programs and to evaluate use of the Dome Building (former Oregon State Hospital facility) as a residential treatment facility.
- [-18 Amendment](#): OSU Extension Services Project to accelerate the promotion of behavioral health in rural areas.
- [-19 Amendment](#): State Police to study ways to expedite drug testing for criminal cases.
- [-20 Amendment](#): Drug traffickers held in custody until arraignment; bail required between arraignment and trial. State shall reimburse county for cost of pretrial incarceration of persons charged with drug trafficking.
- [-34 Amendment](#): Department of Corrections shall establish regional residential treatment facilities capable of accommodating persons where there is no local treatment facility available.

- [-35 Amendment](#): A person with a substance use disorder may be committed and receive treatment as to a substance use disorder.
- [-36 Amendment](#): New hospitals providing substance use disorder treatment not subject to the certificate of need process.
