SMOKE

Smoke from the Grasshopper and Austin fires will continue to impact the communities closest to the fire, including Pine Hollow, Wamic, Tygh Valley, and Maupin. The recent frontal passage has allowed for cleaner air conditions and minimal smoke impacts in the larger area, including Parkdale, Portland, Hood River, and The Dalles. These areas should remain as GOOD. Smoke from the Austin and Narrows fires may decrease around Estacada and the Willamette Valley staying GOOD most of the day. This may change late Sunday and air quality may diminish overnight into Monday with more MODERATE conditions expected along the Clackamas River. More info may be found in the [Central Oregon Smoke Outlook](#) for these locations.

Check the [Fire and Smoke Map](#) for current Air Quality conditions. If no air monitoring data is available in your area, visibility can be used as a guide. Learn more at [Oregon DEQ's WebPage](#).

Parkdale GOOD expected most of the day

Dufur GOOD for most of the day

Pine Hollow Improved slightly with USG conditions persisting

Maupin USG to MODERATE conditions expected to continue

The Dalles Improved air quality to GOOD

Estacada GOOD AQI expected most of the day but diminishing overnight
