SMOKE

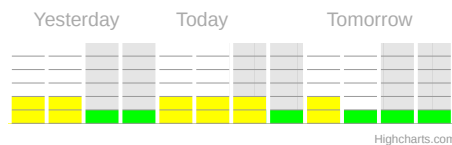

Fire activity may be subdued today as a result of a frontal system moving into the area today though Friday. Smoke may transport towards the north east early in the day before moving to the east and southeast into eastern Oregon later in the morning. Smoke from the Grasshopper fire will continue to impact the communities closest to the fire, including Pine Hollow, Tygh Valley, and Wamic, which will experience MODERATE air quality today. Areas near Dufur and Maupin will experience MODERATE air quality. Areas near the Austin fire along the Clackamas River are expected to continue to experience higher concentrations of smoke into the early afternoon which will begin to clear later in the day. As a result Ripplebrook is expected to be USG for the day. Estacada and Portland will experience GOOD air quality. More info may be found in the [Central Oregon Smoke Outlook](#) for these locations.

Check the [Fire and Smoke Map](#) for current Air Quality conditions. If no air monitoring data is available in your area, visibility can be used as a guide. Learn more at [Oregon DEQ's WebPage](#).
